Congratulations!

and HELLO!

we are molli + nathan. thank you so much for the interest in our work. we take a modern and artistic approach to wedding photography, documenting every moment and capturing your love.

some things you should know about us: we love to take photos. our style is different, real, current and laid-back, very much like the two of us. that being said, we want to get amazing shots of you, meaning... you'll have to allow us the time and ability to do so on your wedding day. we will work with you in planning out the amount of time we need for photos. we like to ask for an extended amount of time to be able to take different types of shots in many locations to best document your day.

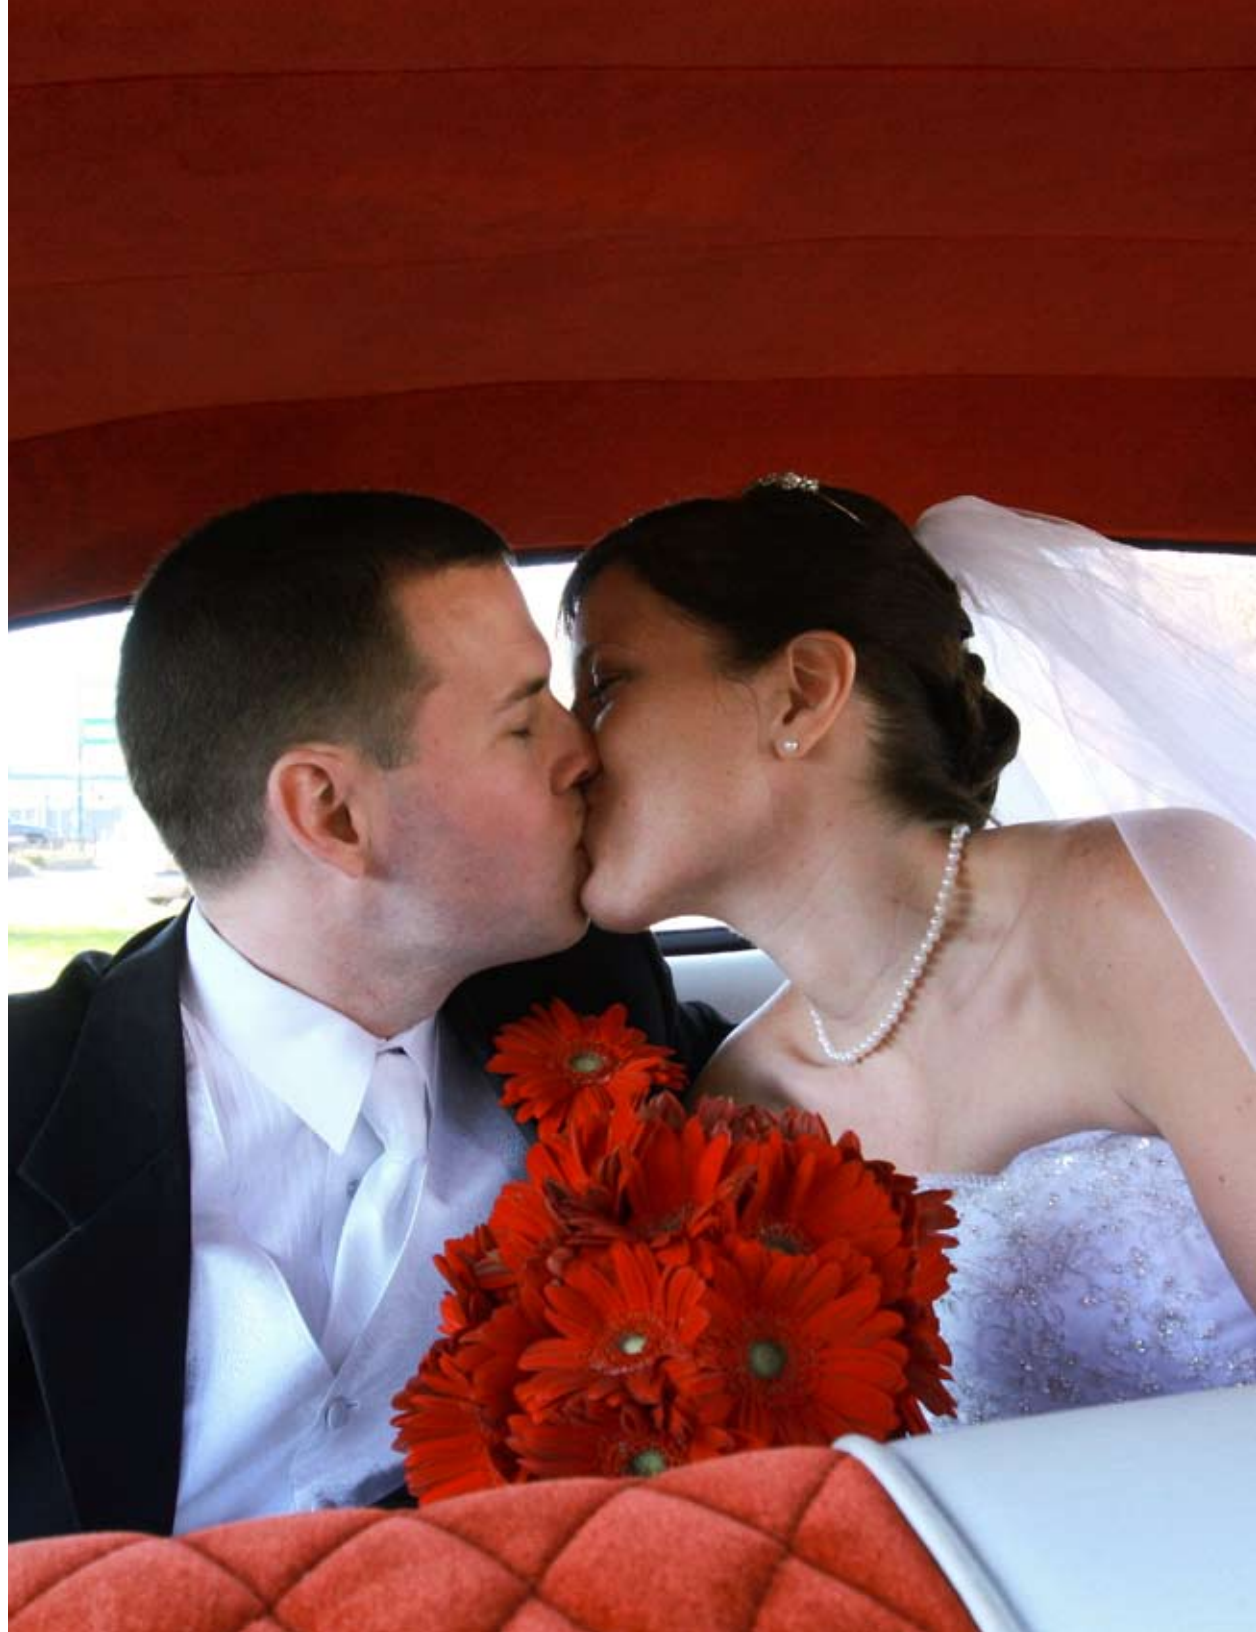

look to our website for more up to date work and specials. we look forward to hearing from you in the future and being there to capture your BIG day.

Questions and Answers:

BOOKING?

great! first, we need to make sure we are available on your day. hopefully we are and if so then lets meet at our studio and we can show you examples of our work and albums in person and learn about the fun details of you and your wedding! a retainer of 1/3 of total price is paid to reserve wedding coverage for the specified services. a payment of another 1/3 is due ninety (90) days before the wedding date. the balance of the account ten (10) days before the wedding date. additional coverage, will be billed separately at the time of purchase. any discounts will be applied at the time of purchase.

EQUIPMENT?

canon all the way! we both use canon digital cameras and a slew of canon lenses to capture your images and YES we have back up equipment and tons of memory!

PLANNING?

plan on meeting with us at least once before your BIG day. we like to meet twice, once at booking and then 2-4 weeks before your wedding to go over times, places, and any details that may have changed since our first meeting. we believe planning makes perfect!

AFTERWARDS?

your wedding is just the beginning of the photography fun! check the blog and facebook for little peeks and a post with our favorite images! we will post your online gallery six weeks after your wedding. if you are ordering an album we will talk about your favorite images that you want for your album and meet to place the order. payment for album orders are due at time of order and take 8-10 weeks for delivery.
